

10th Advanced Neuroradiology Course – Scientific Programme

1 - 2 November 2010

Theatrette, Level 1, Tan Tock Seng Hospital, Singapore

Time	MONDAY, 1 NOVEMBER 2010	Speaker
8.00 am	REGISTRATION	
SCIENTIFIC SESSION 1		
8.45 am	Opening Ceremony	
9.00 am	Imaging of spinal cord disease	Dr Lishya Liauw
9.30 am	Broadening and sharpening the diagnosis of myelopathies - for neurologists and neuroradiologists	Dr Kevin Tan
10.00 am	Acute spinal cord disease - A Neurosurgeon's view	Dr Rajendra Tiruchelvarayan
10.30 am	Tea Break	
11.00 am	Stroke reperfusion strategies other than intravenous thrombolysis - Intra-arterial thrombolysis, angioplasty and stenting, clot retrieval and combination strategies	A/Prof Joey English
11.40 am	Collateral imaging in cerebral ischaemia	A/Prof Tchoyoson Lim
12.10 pm	MR perfusion weighted imaging for stroke, it's basics and pitfalls	Dr Kei Yamada
12.40 pm	Lunch	
SCIENTIFIC SESSION 2		
1.45 pm	Approach to white matter disease in children	Dr Tang Phua Hwee
2.15 pm	MRI and adult white matter disease	Prof Scott Atlas
2.45 pm	The spectrum of imaging in cognitive impairment	Dr Sitoh Yih Yian
3.15 pm	Tea Break	
3.45 pm	Imaging brain tumours: Fundamentals and advances	Prof Scott Atlas
4.15 pm	MR Imaging of the deep gray nuclei	Dr Kei Yamada
4.45 pm	Neurology for the neuroradiologist	A/Prof T Umaphathi
5.15 pm	END OF DAY 1	
Time	TUESDAY, 2 NOVEMBER 2010	Speaker
8.00 am	REGISTRATION	
SCIENTIFIC SESSION 3		
9.00 am	Optimising endosaccular coil embolisation of brain aneurysms: Advances in framing and finishing with Micrus coil technologies	Prof John Chaloupka
9.30 am	Treatment of intracranial aneurysms with the pipeline embolisation device	Dr Francis Hui
10.00 am	Intermediate term primary and secondary endpoint analysis of stent assisted angioplasty for the treatment of intracranial occlusive disease: A high volumn center's experience with the Wingspan stent system for 138 consecutive lesions	Prof John Chaloupka
10.30 am	Tea Break	
11.00 am	Demonstration of interventional neuroradiology procedures and case discussions	Prof John Chaloupka and Dr Francis Hui
11.30 am	CT Angiogram - Techniques and pitfalls	Dr Winston Lim
12.00 pm	Imaging update of neurovascular conflicts: Hemifacial spasm and trigeminal neuralgia	Dr Chan Ling Ling
12.30 pm	Lunch	
SCIENTIFIC SESSION 4		
1.30 pm	Surgery for head and neck cancers	Dr Andrew Loy
2.00 pm	Radiotherapy for head and neck cancers - What's new?	Dr Lee Khai Mun
2.30 pm	Imaging findings in the post treatment head and neck	Dr Julian Goh
3.00 pm	Tea Break	
3.30 pm	Skull base imaging	Dr Judy Tan
4.00 pm	Imaging of the orbits	Dr Yu Wai-Yung
4.30 pm	Utility of PET with MRI in epilepsy	Dr Kei Pin Lin
5.00 pm	CLOSING REMARKS
