

## Seeking participants for research study

Do you have any **hearing,**  
**vision** and/or **cognitive**  
**complaints?**

If yes, we want you!

NNI is conducting a study with Singapore National Eye Centre (SNEC) and Changi General Hospital (CGH) to understand how vision and hearing loss affect dementia and physical frailty.

### What do you need to do?

Yearly visits to NNI, Singapore Eye Research Institute (SERI), CGH for a total of 3 years

- Eyesight test @ SERI
- Hearing test @ CGH
- Smell and physical mobility tests
- Neurological and cognitive tests
- Blood collection
- MRI brain scan

*Cost of tests and scans related to the study will be funded by the study.*

*Participants will receive transport reimbursement for visit to each institution.*

### Who can take part?

- Aged 50 and above
- Have hearing and/or vision issues

### For more details, please contact:

Ms. Kwok Zi Rou

Tel: 6357 7613 (Mon-Fri 8:30-5pm)
