### 13<sup>th</sup> International Congress of the Asian Society Against Dementia &

28 - 31 August 2019 | Shangri-La Hotel Singapore

#### **PROGRAMME**

### 28 August 2019, Wednesday | 9.30am - 12.30pm

Lunch: 12.30pm to 1.30pm

### Pre-Conference Workshop A – Practical Approach to Cognitive Evaluation

This session will provide hands-on and theoretical sessions on the use of common cognitive screening instruments such as Mini-Mental State Examination (MMSE), Montreal Cognitive Assessment (MoCA), Visual Cognitive Assessment Test (VCAT). In addition, assessment of specific cognitive domains such as episodic memory and executive function will also be covered.

#### **Facilitators:**

Eveline Silva (Singapore)

Adrian Wong (Hong Kong)

Angeline Zhang (Singapore)

### 28 August 2019, Wednesday | 1.30pm - 4.30pm

Lunch: 12.30pm - 1.30pm

### Pre-Conference Workshop B - Neuroimaging for Dementia: Structural MRI and PET

This session will cover technics to interpret structure MRI and PET for Dementia. Grading of medial temporal lobe atrophy (MTA), Global Cortical Atrophy (GCA), frontal atrophy will be performed in small groups. Interpretation of FDG PET and amyloid PET will also be covered.

### **Facilitators:**

Pedro Rosa Neto (Canada)

Ng Kok Pin (Singapore)

Alvin Cenina (Philippines)
